

Chris Richards, Co-opted Governor 01/10/2019-30/09/2023

I started my teaching career in South Wales in 2007 and have subsequently taken up posts in Essex and London. I was appointed at Villiers High School in 2017, where I am currently the Senior Deputy Headteacher. I have thoroughly enjoyed my work in a variety of different schools, but none more so than my current post in which I have been lucky enough to play a part of the school's move from Ofsted "Good" to "Outstanding" in every category in July 2019.

I have always enjoyed working with Primary schools on transition work (moving from year 5 and 6 into secondary school) and sharing resources, particularly in my specialist field of Modern Foreign Languages and look forward to getting to know the pupils, parents and staff at the wonderful North Primary. Since completing my M.A. in Educational Leadership and Management, I have continued to read large amounts of educational research and am looking forward to sharing my understanding and experience with the Governing Body of North for the benefit of the pupils it serves.

I have lived in Ealing for just over a year and enjoy playing the Double Bass and running in my spare time.
