

Reena Ruparelia

Parent Governor since December 2017

I have been living in Southall since 2004, and I am a 37-year-old mother of two, my eldest son is currently in Year 3, and my youngest is due to start in Reception in September 2018. I have a degree in Computer Science, and I have been working at PwC as an IT Service manager for the past 15 years.

I decided to become a Governor at North Primary School because just like every other parent, I want the very best for my children. I want them to be happy, confident and become the very best they can be. The hope is that in my own way I can make a positive contribution to the school so that it can continue to remain successful and go from strength to strength.

Away from work, I have travelled extensively, mainly to South East Asia and my dream is to continue travelling and explore the world. I also enjoy movies, health and fitness but most importantly I enjoy spending time with my children and having new adventures with them.
